

### “Ya Gotta Believe”

We want to “put a face” on brain tumor research, and to do so, we are asking that each runner and/or patient contribute their story for our website. What we need for each profile:

- Roughly 150 words describing yourself. In the case of a runner, include who you are, where you are from, why you are participating, and the name of the patient on whose behalf you are running.
- Appropriate background on the patient you represent or honor in your run.
- Preferably three horizontal photographs of yourself, sent at a MINIMUM of 72dpi or 300 pixels for necessary resolution. Please include short captions naming who is in your photographs.
- If you have a chosen patient/partner on whose behalf you will be running, we additionally would like three horizontal photographs of the patient, same details as above. Again, captions are helpful.

We will pick the best combination of these photographs for your page layout.
